It occupies a place of choice in a garden creole life-size where there are banana, mango, corossoliers, avocado trees, plum trees, hibiscus, bougainvillea, apples-cannelliers, flamboyant, etc. The Saintois remember, once children have jumped the walls to come pick the carambolas, mangos, bread fruit, and grenades. Surroundings & location

" Terre de Haut is a tiny island - the doll decoration. One of the most beautiful of all the Caribbean. The color is architecture Creole houses give this unique character. An ideal place for relaxation. Spend the day... it's good. One night, or even more, it's better. You will see the difference between the hectic tourist life and resumed at 4 p.m., at the start of the maritime shuttles. Indeed, to see live the inhabitants of the island, either we get up very early - around 5:30-, or sleep on the island who picks up his pace Saintois at nightfall. Here, there is calm and quiet, but still more important and rare nowadays, and so precious on vacation: security. A woman can go out at night without problem. You can walk down the streets without worry and enjoy the cool of the night to enjoy the serenity that sweat in the air. The sea! The sea! On the Caribbean side is clear, transparent and there is no need to swim very far to see nice corals. What more? On the island of Guadeloupe you will question you: why sleep at the Saintes? Stay two weeks? If you need to pick up, to rest, to forget this pace of life too stressful... it's the place to be. Live in the sacred holiday with the children... a charm! It's an all-inclusive Island (all included) across families. "
