Culture

" The most that I like in my city is that it is a living city, a city with people of all cultures, a city that promotes the sport, we have heated municipal swimming pools, pavilions of sports of volleyball, handball, basketball, squash, tennis courts, school of wind surfing, athletics track, makes hiking, promoted works of theatre, museums, etc. Its people is friendly and quiet. Neighborhood is a city where always is has used by the people of here as city bedroom because this strategically located between the capital (the palms of great Canaria) and the South (area tourist by excellence San Agustín, beach of the English (Maspalomas), Puerto Rico, Mogan, etc). For the q is a good area to stay if q come to the island for business reasons (still the warm voice of some Canary is heard to tell if my child that there...) Yes man) as most host person is located. If you come by plan adventurous, then you are in the middle of the beach areas of trails for hiking, in rural areas, if you like the sport there are very good sports facilities, etc. And case for a couple or a family to see the island, is an area in the middle of everything, and it is best to rent a car and you can enjoy relaxed the different parts of this island, which has a microclimate, in the South zone, plenty of sunshine and 45 km north to be raining.
